### KIAH FUND GUIDELINES

- Origin:** The Kiah Fund was established by Virginia Kiah, of the Kiah Museum, to provide training opportunities and professional enrichment for individuals who might not otherwise be able to afford such opportunities.
- Purpose:** The Kiah Fund is intended to increase professionalism in the coastal museum community by:
1. Encouraging broader participation in regional, state, and national development opportunities through Kiah Fund Grants.
  2. Supporting local professional enrichment opportunities for CMA membership through Kiah Fund-sponsored programs.
  3. Providing an outlet for knowledge sharing among members.
  4. Partially funding internship and project opportunities for Student Members.
- Funding:** The Kiah Fund is supported by:
1. Designated contributions.
  2. The Kiah Fund will be sustained and replenished by an allocation of at least ten percent (10%) but no more than fifteen percent (15%) of CMA's available funds (excluding any earmarked funds, such as the current Kiah Fund balance and the Web Site Fund balance). The membership will vote annually at the December meeting the appropriate percentage of the Kiah Fund allocation, which will then be transferred to the Kiah Fund during the first week of January.
  3. Additional fund-raising activities, as approved by CMA membership.
- Promotion:** Availability of the Kiah Fund as a membership benefit will be promoted through a variety of communications outlets, including, but not limited to, membership meetings, the CMA website, the CMA membership email list, and the annual membership campaign. The Executive Board, E-Communications Committee and Membership Committee will work collaboratively to promote the Kiah Fund.
